DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-12, drawn to a plug-socket connector, classified in class 439, subclass 246.
 - II. Claims 13-15, drawn to a securing device, classified in class 439, subclass 369.
 - III. Claims 16-18, drawn to an adapter, classified in class 439, subclass 236.
 - IV. Claims 19-25, drawn to a method of making connector, classified in class 29.
 - V. Claims 26/28, drawn to an extension cord, classified in class 439, subclass 106.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I, II, III and V are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01).
3. Inventions I, II, II, V and V are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)).

4.

Art Unit: 2833

5. Because these inventions are distinct for the reasons given above and the search required for Group I, II, III is not required for Group V, restriction for examination purposes as indicated is proper.

6. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
